“ Our family is grateful for the contribution that Alicia Ellis made in our lives. As Taylor’s direct supervisor she made sure Taylor could get his job back after taking a much needed sabbatical following him working through Covid some weeks 60-70 hours. We used that time to build a family wellness center and for him to connect with his children and focus on his health. When he called her to get his job back because businesses are hard and we needed to eat she went to bat for him and was supportive even though he switched work areas. She ran a fantastic crew, Taylor loved working and always said she was an amazing supervisor.

*Forever grateful RIP*
