“ Hi, my name is Anaya Koerner and Bernice Hayes was my foster mom. She was and still is someone I look up to greatly. Bernice and the Hayes family and all their friends and other family took me in when no one else would. Although I was adopted at one year old that first year of my life with Mary (Amazing mother of Bernice) and Bernice herself was the best year of my life. The Hayes family is the most amazing family I could ever ask for and they helped raise me. Even after I was adopted they were always there and they still are today. She taught me that it's okay to be different and that equality, love, strength, and exception are the keys to life. I am now 15 years old and still have many great memories. Here is one of them that my grandpa took at one of my birthday parties where we sang Father Abraham while playing piano and dancing. I would like to share this with you all to remind you how remarkable and strong Bernice(not just was) but still is.
