BG

“ I will never forget how thrilled Carl was to participate in the gymnastics show with me at Risen Christ. He would take his turn on the mini-tramp, run back to line as fast as he could, and take another turn - sometimes without my realizing. He once landed directly on his head. I was mortified, but he got right back up as if nothing happened at all. He is a ball of joy. I think about Carl, Drakkar, and the Lobley family often.
