“ Darrell, It's so hard to believe you're not with us. You are such a unique and special brother. You were just like my little brother who always challenged me on every thing we talked about. I want you to know how much Mike & I loved you. Thank you for the last visit when I had a chance to spoil you rotten. I know that you truly love Jesus and I KNOW that you ran the race, stayed the course best you could and now you've gotten your wings and are in the comfort of His care. Rest well my brother & trust we'll meet again one day. You were so special & you will be truly missed. You were truly one of a kind. We love you so much

“To the Family of Darryl, I am so sorry for your loss. I was very blessed to have counted Daryl as a friend. I know that the many times I met and studied the Bible with Daryl that he was a man that was full of faith. I will miss our spirited conversations and the times we spent together. God Bless you and keep you.

“Darrell hope you are where you need to be. And I truly believe you are. I just wanted to share some of my most memorable times with you.

I met Darrell when he and my baby sister got married. I really didn't know this guy;but, if my little sister loved him enough to want to marry him, he must be OK.

One time when you all were visiting us here in Peoria, you had car trouble and I came to pick you'll up from the garage down the street from my house, you were determined to tell me how to turn around. You told me to pull up and back up slowly. But, I kept going forward and turning the wheel until I was facing the street. Than you said, yeah that works too. And we laughed and laughed. To this day whenever I pass that garage I think of you telling me how to handle "my" car I chuckle.

Another time when we were visiting you'll in Minnesota and I was having trouble lying flat in bed before I knew it you guys had brought a recliner from downstairs and put it in the bedroom so that I would be comfortable. You always made sure I had my coffee each morning. Sometimes we would sit and talk, of course you did most of the talking and I did most of the listening. You were kind and accommodating. You made me feel at home in your home.

I aslo remember when we had a 70's costume party and we danced more than I had danced in years. I paid for it the next day but it was all good cause I had so much fun.

I could go on but I will stop now. I just wanted to say thank you for being you. I did not see the many sides that may have been you the sides that I saw and knew were of a kind, caring, and generous hearted man. Rest in peace little brother. Love you Your big sister Clee.
