“ To the family of Ms. Baker please trust and believe God was, is, and will always be with you. Dear Ms. Baker you have poured into me and my children more than you know and that love and wisdom passed down to many more families that we have served. A simple hello, an intentional stop in traffic for you to lay your hand on me and my children. We were fresh, new to the neighborhood and needing a sense of community. You allowed me to use my skills and gifts to reach the youth and provided a space for my children to learn and grow and have a second home within Rise and Shine before and after school. Because of you I was able to find peace, education, restoring my faith, and encouraged me to be able to trust Gods Plan. We are not always able to see the fruit we produce from a seed planted. You would say, "Well you know who that was right Ms. Danielle " never second guessing the touch of the spirit. You also allowed me to give back and honor your works. A mother that was given from God in my own mother's absence. My children held on to your smile, your waves, your singing, your breakfast, your grace for before meals, all the things they still use in their current lives teaching their younger siblings. Thank you for loving on my children. It wasn't just Rise and Shine it was the Light of your willingness to let God use you. I will forever love and cherish every moment, every word, every photo, even our exercise routine we had, and prayer in the back office. God has called you and I know I will see you in that Great Place. We Love Ms. Baker
