“ Words can't express how I feel right now. But I will never forget that smile and the famous saying "For Real Poo" nobody could say it like you. From first meeting at the nursing home to becoming family you have always been a cool laid back soft spoken person. Your love for family is unmatched. We could not talk for weeks and months at a time but when we did it was like we never missed a beat. You will be truly missed but we have so many memories to hold on to. Like when you Marcus and Uncle Walter walk through the woods to go fishing and only had to drive a few more feet to get to where y'all needed to be. Take your rest cousin until we meet again. I love you always

“ You have always been my older brother never my cousin. I remember how protective you use to be of me. You wouldn't allow boys in school or in the neighborhood talk to me. You always sent me in the house. I also remember how we use to play football and basketball together. Once I got older, you became that ear when I need to talk or that shoulder when I needed to cry. You told me what to avoid in a man and what to look for. Now you are my Angel that is watching over me. I miss you so much. My tears will not stop falling. I love you.
