“ Son Evan I want you to know that I miss you. Thank you for allowing me to be one of your moms. When Clayton went back home I know a big part of you went with him. This is hard for me because you were truly there for me not sometimes but always after Clayton past. You were hurting bad inside and I am so sorry for that. I miss you calls texts and being there. I want you to know that I am being really selfish right now because I feel you and Clayton should still be here kicking it together like you did when you guys were around 3. Evan you have been my son in every way and I want you to know just like Clayton you will still continue to be my Son. Baby I love you and this is really hard for me. You will be in my life and heart always. Much love Son. Give Clayton a hug for me and tell him Thank You for having you as our family
