“ We shared a professional and personal friendship that spanned 3 decades. Your vision to create a program that gave voice to the voiceless, hope to those who thought there was none and helped paved the road to recovery for the many Brothers and Sisters in our community - is to be respected and honored.
Rest In Peace my Brother 🙏

“ To Big Brother,

Thank you. I want to thank you for all the advice, guidance and wisdom that you have shared with me over the years. I thank you for keeping an open door whenever I stopped by. As someone who was seeking career growth while having to overcome so many battles, you gave me perspective and help it make sense.

It is rare that I actually connect with people, but I understood and connected with you. I had the chance to know how big your heart was by the loyalty of your staff and clients. This was needed at a time when I was starting to become jaded. You have no idea the Love and admiration that I have for you.

To Marguerite, I Love you and pray that you remain strong. If you need comfort and someone to talk to, I'm here.

To Farris' children, We have never met, but I feel as if I know you. He has told me many wonderful things about you guys. You're also the inspiration for the painting that was in his office.

To the My Home Staff, I love you all. I know this isn't an easy transition for you either. You were all family. I'm also here for you!

I offer my sincere condolences to everyone as we all mourn this precious loss.

In solidarity and prayer,

Brandon Johnson
