“ *Sending you love and positive memories of Gloria who was one of my professors at the "U". She was always encouraging and positive in her demeanor as well as welcoming. My fondest memory of Gloria is looking in on her, buried among books behind her desk and her glasses perched on her nose. "Come on in and sit if you can find a place, just move those books over there to here and have a seat.!" But always before you left she would add in closing, "have you thought about x, y or z?" And sure enough you'd be down another path of inquiry! Love to you and your family! Kate Daly*

“ *Although we met late in life, through the University of Minnesota Retirees Association, I am grateful to have known Gloria, even briefly, and I will remember her fondly and forever. She was intelligent, smart, and had a keen sense of humor. Gloria was also stylish and always impeccably dressed. Kate, she was so proud of you, and I'm sure she would feel honored by the lovely tribute you wrote that was published in the Star Tribune.*

“*Condolences to Gloria’s daughter, sister, and families. Gloria and I were colleagues and friends over many years. She was a dedicated scholar and teacher with compassion. I will miss her greatly and always remember her smile.*”
