“ *My sweet baby boy was one of a kind. His memories and his love of food will be remembered and cherished for the rest of the lives of the loved ones he left behind. His smile was so bright it could light up any room. He was full of love and life. Was skeptical of people he didn't know. Very determined and strong. I miss you so much baby 🕊️ 😊. It's mommy I love you.*

I miss you baby 💔 my heart is still broken. You had so much potential and life to live still... You left us too soon. I should have protected you from that monster.

You were there for me when everyone was against me and I feel so bad for the way you left this world 💔

I miss your smile and laugh and the way you use to just be chillin and content watching akili or Sesame Street. How happy you get when you were eating. How playful and loving you are. Baby I miss you so much. You were such a joy baby 🍷👉

How you love taking baths lol you used to run in the bathroom ready to take a bath 🛁 and just be so content. Then you learned how to get out the tub. 😂😂 mommy thought she had a moment of peace but as soon as you were alone you was like nope come get me out of here. I longed for the day to hear you say mommy I love you. I seen you tell it to me in my dreams. You said Mm ma ma mommy I love you while I was holding you and there was glowing white light around us. I had this dream while I was sleeping near you on life support in the hospital... baby I was hoping with everything in me you would survive and God would send you back. I'm so sorry for the choices I made while you were here with us. Not a day goes by that I don't miss you and wish I could just hold you and never let you go.
