“ I chatted with Kobe for a few minutes a time or two when I visited Erwin and Suzy. A friendly, smart man, who once clarified a computer problem Erwin was having. Erwin said he was very smart and that is high praise. Such a loss.

“ Kobe, I know I haven't seen you in a few years, however, you are always in my heart. I remember living with you and your mum in the duplex. We had the best time playing with buddy...the pupper...and you getting up on the kitchen table singing you little 2 year old heart out! 💕💕

I'm heartbroken I never met you as a man. Hugs baby boy.

Amity, remember him singing 'love bites'? Every time I hear that tune, I think of you and Kobe, him standing on the table...singing.

“ I met Kobe once a couple months ago while playing Pokémon Go in the park. He was riding his sit down bike and I stopped him to compliment his shirt. Had a brief but now memorable conversation with him. Such a bright and kind young man with a gentle soul, he reminded me much of my 12 year old son who is also au-some like Kobe. Many prayers and love to all who knew this shining star. Rest easy.

“ Kobe's remarkable brain, and the wit with which he chose to articulate its renderings, made me laugh and learn and struggle and think.
