“ Hi Lois. I am having a hard time with you being gone. I just keep thinking about you being alone before you passed. I know you are happy and I am so Blessed to have a lot of good memories. I was thinking about when I had surgery on my arm and you came to house to help Mom take care of me. You would peek your head in my room to see if I was sleep. That keeps popping up in my head. I miss you so much. Thank you for being a good older sister to me even when we had our differences I knew you loved me and would be there for me and my kids. You will forever be in my heart. Love you
