“ Hard to believe you have left us. We had so many good times together. Singing and trying to put together dance routines. You, me and Patty. Natalie Cole, Diana Ross and Teena Marie. We laughed a lot. We went through ups and downs, but still remained friends. After all, the 3 of us loved one another. In the end we let life send us in different directions. I suppose it's what God meant for things to be. As I went on my way, and you on your way, I took time to think of you often. I wondered where you went and how you were doing. Often smiling thinking of the good times. I was blessed enough to find you on social media once I returned home. Just not blessed enough to share a meeting face to face again. It's never to late to tell you I love you friend. You were a huge part of my happiness when we shared time together. There will always be a part of my heart that misses you, just like I have over the many years since we last saw one another. Rest easy my friend, you deserve peace. Love you always, Nannette (Teena Marie) Moses

“ *I will miss you. You were one of if not the kindest person I've ever met. You gave whatever you had freely and never judged people or their situation. You always had your door open to help others and that is what made you such a rare treasure. Your sense of humor was amazing and you made me laugh every time I saw you. I will miss those moments. Just know that your lady is safe. I will always think of you when I see someone doing for others. Robin.*

“ *I was 23 when I met you boo. We hit it off from the start. I think it was her relationship with the lord that I loved. So many nights chatting about God and what's next. The most giving person I've ever met. kind and would do anything to help someone in need. she was family to me and my kids daniel too. Funny as hell always positive saw the good in everything. life won't be the same without her. Some people you meet in life are without a doubt unreplacable and that woman is one of them. i will forever cherish the time we had and miss you everyday. Lady is safe and will be loved till her last day like I promised. i love you. untill I see you agien.*

“ *There are no words to express the impact Melissa had in my life. She has always been more family than friend to all those that showed up at her door. When you were in need she would not turn you away. Not a lot understood her, but for those that seen past the cover, we will be forever changed in the way we treat each other. I love you Onty and will never forget the light you shined in this world.*

She previously was adopted. Beverly never quit until we found the family she stayed with. She loved Dad to no end. I remember the BIG smile on dad's face when that made her run to him. The family she stayed with were extremely blessed. I learned the value of the kindness my father had on that day. It truly makes my best friend Barbara, my best friend, indeed. In His Love and always in MINE, Kamp.
