“ My dad was a special man. He took care of 100s of foster children over 40 years and took care of everybody he could. My daddy was stubborn but we Taurus always are. Daddy I'll miss you. I wanted you to walk down the aisle and give me away at my wedding. I wanted to have that first dance. I will always love you and you were right on Thursday, you are fine now and we will be together soon! Love you daddy

“ I visited my dad the summer of 2022, after being estranged from him for some time. We laughed like we never laughed before. Reminiscing about my mother, grandmother. We talked about so much, back when times were good. Back when times were GREAT. We hugged ever so tightly after he looked @ pictures in my cell phone w/ his magnifying glass lol. Every single time we talked on the phone. We always ended our conversation w/ " I love you" I'm so grateful that I got a chance to spend an ample amount of time w/ my father. Before he passed away. Him & my mother did an amazing job w/ creating such a extraordinary woman like myself. I love you dad, always & forever 💜❤️💙
