“ I’m so sorry for everyone’s loss including my loss of a wonderful caring women. I loved Precious and so did so many others. I have to tell a story about a dining room table. When we reconnected and were catch up one day on the phone. She asked what I was up to. I told her I’ve been looking for a different dining room table set and couldn’t find any in my price range. She told me of a place that had nice used furniture at a discount. I totally forgot what the name of the place is now. She started talking to me about a job she was at that they needed some help. She said you can make some extra money to get a new table set. She got me in on the job right away. We talked many times about going to that store for a table. While she was in the hospital I had made enough to buy a brand new dining room table set. I couldn’t wait for her to get better, get out of the hospital. I could tell her I finally got a new dining room table set that I love. So Precious thank you so much for giving me the opportunity to work with you again. Thank you for helping me get the table set too! Just an example of how much she cared and wanted to help in any way she could. We lost a very special person I will miss her always.
