EO

“ Robert was a good man and brought a refreshing positive perspective to so many challenging work issues. I always smiled a little when I found that Robert was going to be involved in trying to help resolve some problem or be part of a team. I knew that we would have good conversations as we worked together. I enjoyed his style and can do attitude. Many will miss him, condolences to the family. Eric

“ I wanted to share how grateful I am for Robert’s friendship and support. I loved working and traveling with him when we worked together at Tennant. He always looked out for me and was a wonderful mentor when it came to work AND life! He always knew how to brighten my day when it was rough and provide me with great advice and analogies that I think of and use today. We were an amazing duo and I will miss him. I am heartbroken that I let time slip by and missed the opportunities to connect with him more. He has a beautiful family whom he spoke of and loved deeply. May his memories, his wisdom and his love live on in our hearts! Much love,  
~ Tori

“ It was a privilege to work alongside Robert and to have the opportunity to lead him during our time together at Tennant. In truth, I feel I learned more from him than I could ever have taught him. His absence was deeply felt after he retired, and now, with his passing, the loss feels even greater. May he rest in peace, and may his memory continue to inspire us all.
