“ Ruby was like a biological sister to me. I knew her for over 3 decades. We shared some of our deepest secrets together. We would stay on the phone for hours throughout the night, talking about everything manly about God and Jesus. She had the kindest heart and was always willing to give. She was loved by so many people. Rest in peace, my sister I know you are sitting at the table with Jesus, and you are happier than ever.

“ *Ruby,*

*We thought of you in love today, but that is nothing new.
We thought about you yesterday and days before that, too.*

*We think of you in silence and often speak your name.
Now, we have memories and your beautiful picture in a frame.*

*Your memory is our keepsake, with which we will never part.
God has you in his keeping, and we have you in our hearts.*

*Eternal Love,
Dr. Joyce Simelton, and Family*

Nearly 30 years we have been like sisters. We shared a lot over the years. We shared the same birthday, we've laughed and we cried together. I thank God for every word, thought and deed we shared. It is not in the number of years we shared that mean the most to me but the wisdom, love and hope you poured into my spirit. Your love for the Almighty and trust in him always encouraged me and your prayers helped me during difficult times. I will miss you more than words can say. Know this much you will be truly missed. Love you forever .
