“ Shaun I don't even know where to start. I guess can't start by saying that there was NEVER a dull moment with you!! You could step in any room and have everybody in there cracking up by the time they left. You are always welcoming, even to the point where I felt comfortable bringing my friend to your birthday party and she hadn't ever even met you before. I let her know she would enjoy herself, and that night that's exactly what we all did! Had I known that it was the last night I'd be able to hang out with you. I would've made sure to clear my schedule to be able to get more time with you. We go back to childhood days. Going to school at Washburn, and working at Walker and through it all we've always been cool. We weren't the closet of friends but we always found a way to meet up and have a good time. If you can see us all from your view, I hope you're looking down on us with that big ole kool aide smile of yours that we all will miss of so much. Love you Shaun ❤️

“ My Dear Shaun LaBron My Love Tru Happiness. Lol TNY really told you that you look like LaBron James smh Kids 😏
Love Tru Happiness is what I always told you, you were and was your name in my phone. You were always so loving and you loved so hard to the ones you cared about the most. You were always happy and laughing. People question how you could always be so cheerful and happy. On the flip side when you was upset people would experience the wrath because you did not hold back or sugar coat anything no matter who the person was. (King Petty King ill Sue you and did and won Everytime 😂) Quality time and gifts were your love languages. OMG you would never let anyone forget your bday or any holiday because you always went all out for others and you felt you deserved the same, rightfully so. You were such a a hard working Man, perseverance, Jack of all trades, Fashionista, interior designer, Chef, Builder, Singer, Rapper 😂 I would always the privilege to hear/see you put a song together I thought I was your producer and your song writer. You low-key enjoyed politics and the news. You could draw. I never forget our art sessions. 😂 Our Road trips and flights we took together was always epic. If we had nothing we would make the best out of it. You loved and adore me and My child TNY Fury ☐ I could never forget the things you did the help your were.
