“ *Tsehay was my first friend. Our moms were best friends and pregnant together. They used to say we were best friends in the wombs. She was born weeks before me. I literally don't know a life without her.*

We were the type of friends that could lose touch and then when we'd see each other it was like we never lost time. She was always ready with good advice.

What I remember most about her is her giggle. It was contagious. We laughed often whenever we spoke. And I know she's looking down on us smiling and laughing.

*Love You Tshehay.
I'm gonna miss you my friend.

“ Thinking of my family on this difficult day. Linda and Daryl you were the best parents to Tsehay and she was a such a beautiful flower to all of us! The tools you gave her made her such an awesome person! I was extremely proud of my “ little cousin”! Thank you for sharing her with us so generously, coming here so often, and to all the reunions. I love you both! Darin and the girls, we will always be there for you as a family. Much love from my heart! Love Cousin Sherry
